Docket No. 98N-1265

Food and Drug Administration

Rockville, MD. 20857

I OPPOSE THE DRAFT M.O.U. being proposed by the FDA. In particular, I OBJECT to the definition of "inordinate amount" which restricts the availability and the right to obtain medically necessary compounded medications by limiting the number of prescriptions that can be shipped across state lines from specialized compounding pharmacies.

COMMENTS: Times have changed. Other medications have not worked. This could be a matter of life and death for me!!
I just started this medication, but I am sure it will make a good impact.
My compounded prescription relieves my symptoms and makes it possible for me to live normally throughout the month.
